

## BIOGRAPHICAL INFORMATION

Dr. Latha Christie, a Senior Scientist from Bangalore, India, with more than 32 years of experience, graduated with honors in Electronics and Communication Engineering from Government College of Engineering, Tamil Nadu. She pursued her Masters and Ph.D. in Aerospace Engineering at the Indian Institute of Science, Bangalore.

She holds an International Executive Diploma in Project Management from I2P2M in collaboration with George Washington University School of Business, Washington DC, USA. Her desire in the spiritual realm led her to obtain a Master of Divinity from South Asia Bible College, Bangalore, M.A. in Christian studies from the Madras University, and training in apologetics from RZIM, India. She is also a certified counselor from Word of Life, Wichita, USA.

She was awarded the prestigious Prof. Satish Dhawan Award for Engineers, Instituted by the Government of Karnataka, for her outstanding achievements in engineering sciences for the year 2014, awarded by the Chief Minister. Other awards include the AGNI team Award for Excellence in Self-Reliance and the Best Technical Paper award for papers submitted at various conferences. She has around 70 published papers in peer-reviewed Journals and Conferences.

### She has authored four books:

1. Coupled-Resonator Slow-Wave Structures for Traveling-Wave Tubes: An Analysis, LAP Lambert Academic Publishing, 2010. (*A technical book*)
2. Electromagnetic Modeling of Waveguide Discontinuities: An Analysis, LAP Lambert Academic Publishing, 2019. (*A technical book*)
3. When the Flame Flickers: Emerging from Marital Abuse, SAIACS, 2015 & Wipf and Stock, US, 2019 (second ed.). (*A social book on Domestic Abuse faced by women*)
4. Beyond the boundaries of science: Exploring the Cosmic Story, Wipf and Stock US, 2019. (*A book on the intersection between science and religion*)

She is the host of the science and religion web series called

## **THE GRAND COSMIC STORY.**
